POLICIES AND PROCEDURES

AGE FOR SCHOOL ENTRANCE

Children must be five years of age as of August 31 of the present school year to be eligible for enrollment in kindergarten class. Kindergarten attendance is not a requirement for school entrance. Children must be six years of age as of August 31 of the present school year to be eligible for enrollment in the first-grade class. Proof of age must be obtained from a Certificate of Live Birth (obtained from the state). Grade placement will be determined as per USD #467 Board of Education Policy.

ATTENDANCE POLICIES

When it is necessary for a student to be absent from school please notify the school before 8:30 AM. Whenever a student is absent the office must be notified by phone or in a written form. In some cases a note from the doctor will be required in order for the absence to be considered excused. The absence will be considered unexcused if the office does not receive notification from the parent.

The following will be considered **excused absences**:

- Student illness or death in the family.
- Emergencies affecting the student or immediate family.
- Attendance at school activities or functions of an educational nature approved by the principal, at least one school day prior to the absence.
- Other reasons deemed necessary and proper by the principal or a prior personal request by parents. (doctor apt., dental apt., and etc.)
- Tardies will be excused for reasons deemed necessary and proper by the principal.

ABSENCES AND TARDINESS: If a student arrives at 10:30 am or before, they will be recorded as being tardy. After 10:30 am the student will be recorded as absent one-half day. If a student leaves school early and is gone for two hours or more, the student shall be counted as absent for one-half day.

PERFECT ATTENDANCE: Student has missed less than one half school days for the entire school term. The student must also have less than four tardies.

OUTSTANDING ATTENDANCE: Student has missed more than one half school days but not more than three days. The student must also have less than four tardies.

EXCESSIVE STUDENT ABSENCES

After five (5) days absent in one semester due to illness, a student may be required to present a doctor's statement for any additional absences.

BOE COMPULSORY ATTENDANCE ENFORCEMENT:

The Board of Education of USD #467 has determined that a valid excuse for being absent from school shall be anytime that the parent/guardian wants the student out of school and will make this request prior to the absence. In cases of illness or emergencies, the request to be absent may be made within a reasonable time. (48 hours after the absence)

The principal of each school is designated by the BOE as the person to check the validity of each excuse.

- Unexcused absences may include those where the student is absent and the parent/guardian doesn't know of the absence.
- A student absent or tardy who is engaged in a supervised school activity (including bus routes) is not counted as absent or tardy.

A student absent from school for two hours or more shall be counted as absent for one-half day as this constitutes a significant part of the day.

Please notify the school if your child will be tardy. Students will be reported as tardy when they arrive after the beginning of the day but before 10:30. If tardiness becomes a habit the parent will be notified.

The child may be assigned time to make up the absences during recesses or after school.

BOE TRUANCY POLICY FOR EXCESSIVE ABSENCE OR TARDIES:

A child is required by law to attend school and if they are not enrolled in a public or non-public school, shall be considered truant. The superintendent, or his designee, shall report to the juvenile office of the Department for Children and Families (DCF) all other cases of truancy. A regularly enrolled student is considered truant if they have been inexcusably absent for either three (3) consecutive days or five (5) or more days in any semester. A child is inexcusably absent from school if absent all or a significant part of the school day without a valid excuse acceptable to the school employee designated by the board to have responsibility for school attendance.

Make-Up Work

Make-up work is work missed when a student is absent from school. Students will have one day for each day they are gone to hand in the work that was missed. The days will start the day the student returns to school.

Students who violate these rules or any other classroom rules relating to computer use are subject to disciplinary action up to and including suspension from school.

DISTRIBUTION OF INFORMATIONAL MATERIALS

Informational brochures/fliers from outside organizations will be available to students but it is not mandatory that each student "take" a flier home.

On occasion, parents are invited to go along and help sponsor. In order to keep the day special for the child in the class that is going on the field trip younger siblings are not allowed to come along. Students must ride to the activity on the bus with their class but may ride home with the parent. If a child rides home with the parent, the parent must sign the child off the bus. Students are not allowed to ride home with other adults UNLESS the parents have made arrangements in the office before the day of the field trip.

Medical policies are in effect for field trips. If a child needs to take medication on the trip the proper papers must be on file with the nurse.

GIFTS, FLOWERS, CANDY, AND BALLOONS

WCES will not accept delivery of gifts, flowers, candy, balloons, etc. in the office. These items should be delivered to the home.

All meeting participants will work together to discuss students' needs in a courteous and respectful manner. When these conditions are not met, the meeting will end and may be rescheduled for another time.

HOMEWORK PICK-UP FOR STUDENTS THAT ARE ABSENT

If you would like to pick up homework assignments for your absent student please call the office by 9:00 AM. Pick up of homework will be at 3:35 PM, unless special arrangements are made **with the teacher**. This allows the teachers adequate time to gather the materials.

HOMEWORK CLUB

Homework club will be available to students in second through sixth grades who have been recommended by their classroom teacher. Homework club will meet on Monday, Tuesday and Thursday from 3:30-4:00 and Wednesdays from 2:30-3:00. There is no homework club on Fridays.

LIBRARY POLICIES

All students are encouraged to use the library for reading, selecting reading materials, studying, research, and working on classroom projects.

- When in the library, students are to use their "library voice" so that everyone can enjoy the library. Save your "playground voice" for when you are outside.

- Rules of the school and playground also apply when in the library.
- Students are to use a shelf marker or “book stick” when looking for a library book.

Preschool and Kindergarten students will begin to use the library as determined by the classroom teacher. Students may check out one (1) book per library visit.

Grades 1 and 2 may check out one (1) book per library visit.

Grades 3, 4, 5, and 6 may check out two (2) books per library visit.

OVERDUE NOTICES: Overdue notices will be sent out every two (2) weeks. The student may not check out another book until the overdue book is returned.

LOST BOOKS: Students who lose library books or return books that are badly damaged will pay the replacement cost of the book as determined by the district Library Media Specialist (LMS). The LMS will use current book sources to determine the price such as Follett Library Resources, Scholastic, and/or others. If a student returns the “lost book” after paying for it within four (4) weeks, the cost of the book will be refunded to the student. If said book is returned damaged, no refund will be given. If said book is returned in good condition after the initial four (4) weeks, the student may keep the book. No refund will be made after the initial four (4) weeks period.

MEAL POLICY

Meal ticket balances from the previous school year will be carried over to the present year. If the student had money left in their account at the end of the previous year, any payments will simply be credited to the account. However, if there was an unpaid (negative) balance in the account, any payments will be used to satisfy those amounts first. Payment reminders will be sent home with the student and if the amount owed equals more than one week’s meals, parents will be contacted directly.

Kindergarten through Second students will have the opportunity for a daily milk break. Students will not be

allowed to have daily milk if they have a negative balance.

MEDICAL POLICIES

Students will not be allowed to “self-administer” medication.* All medications (prescriptions, non-prescriptions, natural, and homeopathic remedies) must be turned into the nurse, to be administered to the student by the school nurse or delegated school staff.

*A physician may request that an emergency medication, such as an inhaler or EpiPen, be carried and self-administered by the student. In this situation, the student must notify the school nurse when emergency medication is used.

Medicine (prescription, non-prescription, natural and homeopathic remedies) will not be given at school without the following:

1. Original labeled container (do not send medicine in an envelope, baggie, or container that is not the original container). Pharmacies will provide an extra labeled container for school if needed.
2. Written parent’s permission with dosage instructions, to include student’s name, parent signature and date. Form may be obtained from the school nurse.
3. No out-of-date medicines will be given.
4. For all over-the-counter medications written parental permission is all that is necessary.
 - a. No medications from outside the United States will be given without a doctor’s order.
 - b. No homeopathic remedies and performance enhancing substances will be given without a doctor’s order.
 - c. Over-the-counter medications will be given as directed on the label. To be given differently than how the label directs, a physician’s order is needed. The office will need to know what time the medicine was given at home in order for them to follow the directions on the label.

- d. No out-of-date medications will be given.
- e. All over-the-counter medications must be in the original container.... NO EXCEPTIONS!
- f. **No narcotic medications will be allowed in the school.**

Only medication or treatment that is necessary so the pupil can attend school or benefit from his or her educational program should be given during the school day.

INFECTIOUS OR CONTAGIOUS CONDITION

No person should attend school or school activities with an infectious or contagious condition (for example: chickenpox, impetigo, pink eye, lice, fever (100° or above), vomiting, and etc. It is the duty of the parent or guardian, and school nurse to exclude any child or other person affected with a disease suspected of being infectious or contagious until the expiration of the prescribed period of isolation for the particular infectious or contagious disease (according to the KDHE Handbook of Communicable Disease). If you have questions regarding attendance policy and excused absences, refer to the school policy outlined in this manual.

Tuberculosis Any student that comes in contact with a new active or reactivated case of tuberculosis will be required to have tuberculin testing.

Chickenpox (varicella) Each infected student shall remain out of school until all the blisters (vesicles) have scabbed.

Pink Eye Students may return to school with a doctor's note. This would generally be 24 hours after the medication has started and the student has no symptoms.

Lice (Pediculosis) Students infested with lice must remain out of school until treatment with anti-parasitic shampoo has been initiated and the hair has been picked for nits (eggs). Students need to check in with the school nurse before returning to class. If the above treatment plan has been initiated, most of the nits have

been removed, and no live parasites are present, the student may return to class. The student will need to check in daily with the school nurse until she finds no nits.

Impetigo Students diagnosed with impetigo will need to be treated with a prescription antibiotic. These students will need to bring a note from the doctor when they are allowed to return to school and participate in sports or school activities. **NO EXCEPTIONS.**

Ringworm (Tinea Capitis and Corporis) Any student with ringworm should be treated by their health care provider. The area must be covered until the skin is clear.

Fever, Vomiting, Diarrhea Any student sent home with a fever, vomiting and/or diarrhea should remain home for 24 hours after all symptoms have subsided without the use of medications. Should a student return to school before this time he/she will be sent home.

STUDENT IMMUNIZATIONS

Any new student enrolling must present a certification of immunization or an alternative statement authorized by Kansas Law.

All students must update immunizations as required by Kansas Law.

Please contact the school nurse if you have questions regarding required immunizations.

PHYSICAL

All students, under the age of 9, enrolling in a Kansas school for the first time must present the results of a recent (within one year) health assessment or physical. Any student participating in school sponsored sports is required to have a physical by their local health care provider before participation.

HEALTH SCREENINGS

At the beginning of the school year, students will be screened for the following: vision, hearing, height, weight, and Scoliosis. Not all grades are screened every year. If you have a concern and want your child screened, please contact the school nurse. The school nurse will be available to screen any child upon request.

If you do NOT want your child screened, please notify the school nurse in writing. The goal is to have all screening completed by the end of the first nine weeks. Parents will be notified of the results of your child's screening.

ALLERGIES

Any student with a severe food and/or environmental allergy that could potentially be life threatening will be allowed to have an EpiPen at school. Delegated teacher and staff will be trained to administer. Written documentation and physician orders must be present. If you have a student requiring this kind of attention, please contact the school nurse or principal.

FOOD ALLERGIES

Any student having a certain food allergy will need to have documentation from their health care provider. Forms are available from the school nurse or secretary.

PARTIES FOR PERSONNEL

Surprise parties and gifts for teachers can cause embarrassing moments; such events are discouraged at school.

PERFORMANCE PARTICIPATION

Any student participating in an activity or performance after school must be in school that day for at least two hours and follow the twenty-four hour fever guidelines. Special consideration may be given to family emergencies. If the student has a speaking or singing solo that requires specific directions during the dress rehearsal that part may be re-assigned.

PRIVATE PARTIES FOR STUDENTS

We occasionally have the problem of children bringing invitations to be distributed, sleeping bags, and presents for private parties. This is disruptive to the classroom and causes hurt feelings of the students that are not invited. Please refrain, consider other children's feelings.

PHYSICAL EDUCATION POLICY

In the event of illness or injury, a note is required to be given to the P.E. teacher and the Health Team for a period of up to

five (5) consecutive days. Any period longer than this requires a note from a physician. If a note has not been sent, the teacher/health team will exercise their judgment as to whether a student should participate.

SAFETY DRILLS

FIRE DRILLS

Kansas state law requires four fire drills per year. Directions for leaving the building are posted in each room and are reviewed by the teacher. No one is to return to his/her classroom until the all-clear signal is given. The signal for a fire drill will be a continuous blast.

Use of the elevator during drills or actual fire is prohibited. The teacher or paraprofessional in a room with a person with a disability is responsible for assisting that person to the nearest appropriate exit.

FIRE EXITS ARE DESIGNATED BELOW:

K, 1 st , 2nd	Outside classroom door
Office area	West entrance
3rd	Outside classroom door
ESL	West entrance
Conference room	North exit under fire escape
preschool	Outside classroom door
Computer lab (d), title 1, art, HPEC	South main exit

TORNADO DRILLS

Kansas state law requires two drills per year. Students and staff in the 1926 building and office wing will proceed down the hall adjacent to the west side of the southeast gym to the (boys') locker and shower rooms on the west side of the gym. Students in the academic dome may go to the bathrooms, counselor's office, and the dome workroom, OR they may proceed through the southeast gym to the east side of the gym to take

shelter in the east side of the (girls') locker and shower rooms.

Use of the elevator during drills or actual tornadoes is prohibited. The teacher or paraprofessional in the class with a person with a disability will be responsible for helping him/her to the appropriate area.

CRISIS DRILLS

Kansas state law requires three crisis drills per year. Students and staff will participate in three drills which may include a lockdown, evacuation to a separate location, or reverse evacuation. Specific dates and types of drills will align to state requirements and will be determined by the building principal.

EMERGENCY SAFETY INTERVENTIONS

The board of education is committed to limiting the use of Emergency Safety Interventions ("ESI"), such as seclusion and restraint, with all students. The board of education encourages all employees to utilize other behavioral management tools, including prevention techniques, de-escalation techniques, and positive behavioral intervention strategies.

"Emergency Safety Intervention" is the use of seclusion or physical restraint when a student presents an immediate danger to self or others.

GAAF 1-11, Emergency Safety Intervention policy is included in the back of this handbook.

SHOW AND TELL/ANIMALS AT SCHOOL

If your child wants to bring an animal to school for show and tell, or any other reason, you must notify the office and receive approval from the principal at least one school day in advance. Any animal brought to school must be up to date on all vaccinations. No animal under three months of age may be brought to school.

Any other item that would be in violation of school policy should not be brought. For example, an item that violates the weapon policy should not be brought to school at ANY time.

Please do not bring animals to school when bringing or picking up students.

STUDENT RELEASE

Students are not to leave the school grounds during the day without permission from the office.

Students will be released to parents or other designated persons upon confirmed approval of the parents. In all cases, students must be released through the office.

The person picking up the child must sign the "Sign-Out" log in the office.

TELEPHONE USE

Students are not to use the classroom phones, unless there is an emergency. Students may use the office telephone for necessary calls only. Parents please inform students about pick-up plans before school or if necessary call the office with changes. Musical instruments, library books and similar items forgotten at home, or arranging playdates, are NOT normally valid reasons for using the office phone. Incoming calls will not be relayed to students or teachers during class time except in emergency situations.

Use of the telephone will require permission from the office. Students should be prepared to explain, politely, the reason for using the telephone to the office personnel.

CELL PHONES and SMART WATCHES AND AIRPODS

Students' cell phones, smart watches, and airpods must be turned off and kept in backpacks during school hours.

VISITORS

All student and adult visitors are required to introduce themselves at the school office for each visit. If school personnel feel that the visitor is interfering with the learning process, the visitor will be asked to leave. All visitors are required to obtain permission from the teacher and principal at least one day in advance of the visit. Student visits will be limited to one half day or less. Student visitors will NOT be allowed below 2nd grade.

VOLUNTEERS

WCES would like to encourage both parents and community members to volunteer. The purpose behind volunteering is to help students be academically

successful and to enrich their lives, likewise volunteering gives adults the chance to engage in meaningful volunteer activities with the children of our community. Volunteer hours and duties must be pre-approved by the principal.

ACADEMICS

Multi-Tier Systems of Support (MTSS)

MTSS is a multi-step process of providing instruction and support to promote academic and behavioral success of ALL children. Individual student progress is monitored and results are used to make decisions about further instruction and intervention-

The MTSS model typically has three tiers. Each tier provides differing levels of support.

- Tier I, all students receive high quality instruction in the general education classroom. The teacher provides this to all students using the appropriate curriculum.
- Tier II, the school provides supplemental instructional support, usually in small groups, to students who need additional support beyond what they are receiving in the general curriculum.
- Tier III, intense instructional support is provided to the students with the greatest needs using frequent progress monitoring

CURRICULUM

All curriculums are based on the Kansas State Department of Education Standards. These standards can be reviewed online at <http://www.ksde.org/>.

STATE ASSESSMENTS

Students in grades three through six will be required to take the Kansas State Assessment in Reading and Math each year. Fifth grade students are required to take the Kansas State Assessment in Science when offered. Students violating this policy shall be referred to the appropriate law enforcement agency(ies) and if a juvenile to S.R.S. or the Commissioner of Juvenile Justice.

STUDENT CONDUCT/DISCIPLINE POLICY

Discipline begins in the home when a child learns from their parents to develop self-control. Students are expected to conduct themselves in a manner which is appropriate to the activity in which they are involved, respect the rights of others, and obey safety rules and regulations. Teachers have the authority to insist upon good discipline in the classroom, school building, on the school grounds, and at school activities. Such insistence will be supported by the principal. Additionally, every school official has the responsibility and authority to correct students in any situation

Discipline Belief Statements:

1. Teaching and learning the intended curriculum for all students is the highest priority. Therefore, the misbehavior of one student...
 - will not be allowed to continue to interfere with the learning opportunities of another student.
 - will not be allowed to continue to interfere with the teacher's responsibility to teach all students.
 - will not excuse the misbehaving student from successfully completing the learning objectives.
2. Parents have a responsibility to ensure their

child's behaviors do not take away from a safe and a productive learning environment for others.

3. Changing behavior takes time, effort, encouragement, perseverance, and patience.

4. Discipline is a part of the daily routine--not a disruption of the daily routine.

5 Self-discipline is the expected student outcome.

6. Every discipline situation is an opportunity to teach expected behavior.

7. Teaching and modeling appropriate behavior, along with implementing consequences for inappropriate behavior, is the best way to help change unacceptable behaviors to acceptable behaviors.

8. Expected behaviors must be communicated, taught, and modeled on a daily basis throughout the school year.

9. Punishment by itself cannot change behaviors.

10. In the handling of unacceptable behaviors, the focus will be on the behavior of a student, not on the student as a person.

11. All students can learn to behave in the expected manner.

BOARD OF EDUCATION POLICIES

Wichita County USD #467

BULLYING / CYBER – BULLYING

The Wichita County Board of Education has determined that a safe, respectful, and healthy environment is necessary for students to learn and achieve high academic standards and for students to meet their individual goals for academic success. Students are expected to conduct themselves in a manner in keeping with their levels of development, maturity and demonstrated capabilities with a proper regard for the rights and welfare of other students and all school staff.

The 2008 Kansas State Legislature mandated that school districts adopt and implement a plan to address bullying behavior, including use of any electronic devices for such behavior. The 2008 legislation also recommended school districts in Kansas adopt curriculum for character development programs. USD #467 was in compliance with the 2008 Kansas Anti-Bullying, Cyber-Bullying legislation. The Kansas Legislation amended the anti-bullying statute (KSA 72-8256), July 1, 2013, to require schools in Kansas to include the following in the bullying policies:

- 1) Bullying means any intentional gesture or any intentional written, verbal, electronic or physical act or threat either by any student, staff member or parent towards a student or by any student, staff member that is sufficiently severe, persistent, or pervasive that such gesture, act or threat creates an intimidating, threatening or abusive educational environment that a reasonable person, under the circumstances, knows or should know will have the effect of :
 - Harming a student or staff member, whether physically or mentally
Physical - hitting, pushing, tackling, tripping, poking, tugging or tearing at clothes
Verbal – calling of names, making verbal threats of physical acts (whether or not they are carried out)
Social or Relational – ostracism, social exclusion, gossip/"trash talking"/rumor spreading, nonverbal gestures such as eye rolling, directed laughter, mimicking
 - Damaging a student's or staff member's property
Attacks on Property – writing on lockers, taking objects to keep or display publicly, destruction of property
 - Placing a student or staff member in reasonable fear of damage to the student's or staff member's property
- 2) Cyber-bullying – bullying by use of any electronic communication device through means including, but not limited to, e-mail, instant messaging, text messaging, blogs, mobile phones, pagers, online games and websites (Cyberbullying may often occur off school grounds, the majority of the time it is related to what is happening at school. If the bullying communication is disrupting the learning environment with discussion and/or gossip of the incident, the school may be involved with consequences for the behavior.)
- 3) Bullying behavior, including cyber-bullying, will not be tolerated on school property, in a school vehicle or at a school sponsored activity or event
- 4) Bullying behavior or cyber-bullying, will be documented from observations / other reporting and consequences will be enforced

Hazing/Harassment/Intimidation/Bullying
/Menacing

The board is committed to providing a positive and productive learning and working environment. Hazing, harassment, intimidation, menacing or bullying by students, staff or third parties is strictly prohibited and shall not be tolerated in the district.

Students whose behavior is found to be in violation of this policy will be subject to discipline, up to and including expulsion. Staff whose behavior is found to be in violation of this policy will be subject to discipline, up to and including dismissal. Third parties whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the superintendent or board.

Individuals may also be referred to law enforcement officials.

JGEC Sexual Harassment

The board of education is committed to providing a positive and productive learning and working environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment shall not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Sexual harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds.

It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to sexually harass any student, employee, or other individual associated with the school. It shall further be

a violation for any employee to discourage a student from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Sexual harassment is unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of sexual nature when made by a member of the school staff to a student or when made by any student to another student when: (1) submission to such conduct is made, explicitly or implicitly, a term or condition of the individual's education; (2) submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual; or (3) such conduct has the purpose or effect of interfering with an individual's academic or professional performance or creating an intimidating, hostile or offensive academic environment.

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning a student's grades, participation in extra-curricular activities, etc.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. The district will promptly investigate all complaints of sexual harassment and take prompt corrective action to end the harassment.

Any student who believes that he or she has been subjected to sexual harassment should discuss the alleged harassment with the building principal, another administrator, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of sexual harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district compliance coordinator. The building principal or district compliance coordinator shall discuss the complaint with

the student to determine if it can be resolved. If the matter is not resolved to the satisfaction of the student in the meeting, the student may initiate a formal complaint under the district's discrimination complaint procedure. (See KN)

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable student conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence. Behaviors which are unacceptable but do not constitute harassment may provide grounds for discipline under the code of student conduct.

An employee who witnesses an act of sexual harassment shall report the incident to the building principal. Employees who fail to report complaints or incidents of sexual harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

When a complaint contains evidence of criminal activity or child abuse, the building coordinator or district coordinator shall report such conduct to the appropriate law enforcement or SRS authorities. (See GAAD)

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting sexual harassment shall not reflect upon the individual's status or grades. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including expulsion for a student or termination of employment for an employee.

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and related materials shall be posted in each district facility. The policy shall also be published in student, parent and employee handbooks as directed by the district compliance coordinator. Notification of the policy shall be included in the school newsletter or published in the local newspaper annually.

not constitute harassment may provide grounds for discipline under the code of student conduct. The discipline of a student for violation of any provision of the code of student conduct may be enhanced if the conduct is racially motivated.
