Covid Guidelines if you have tested positive for covid:

Isolate regardless of vaccination status.

- Stay home for at least 5 days.

- Fully isolate from household contacts.

- Stay at home until you are fever free for 24 hours, without the use of fever reducing medications.

- If you are significantly better on day 6 you may leave the house after the minimum of 5 days of isolation

- Highly recommended wearing a mask around others for 5 additional days after you leave isolation.

Guidelines if you have been exposed to covid regardless of vaccination status:

- Monitor your symptoms for 10 days

- If you develop symptoms at any time, get tested and stay home.

- Notify any close contacts of positive test.

- Recommended you wear a mask around others for 10 days.

If you have any questions or need an at home test kit contact the Wichita County Health Department 620-375-2289
